

# PCR Strip Magnetic Separation Rack

**All Permagen Labware  
Magnetic Separation Racks are  
designed for both performance and  
durability.**

- Separate in one or two PCR strips (works with common 8 or 12 strips)
- Separate 200  $\mu$ L in under 3 minutes (even faster separations of lower volumes)
- Holes are angled directing tubes to come in close proximity with the magnets
- Strong Neodymium magnets for fast separations of many magnetic bead chemistries
- Solid, one piece aluminum construction eliminating the concern for material inconsistencies or breakage associated with some plastic products on the market for trouble free use
- Hard-coat finished to maximize durability
- Volume discounts available
- Most durable separation racks on the market at competitive prices
- *Made in USA*

**PCR Strip Magnetic Separation Rack**

**Compatible with PCR Strips with or  
without caps**

**.2 mL before and after separations**
